

Water Treatment Plant Sr. Operator – Kona

Aqua Engineers, Inc. has an unsurpassed record for providing high quality water and wastewater services in Hawaii. Celebrating 30 years of planned company growth and diversification, we have developed a reputation for providing a broad spectrum of services, while still maintaining high standards for quality and customer service.

We are currently seeking a qualified and experienced Water Treatment Plant Senior Operator to join our Island Operations team.

Primary Responsibilities include:

- 1) Responsible for the operational and maintenance of water treatment plants and equipment.
- 2) Responsible for general maintenance in water treatment plant areas.
- 3) Responsible for troubleshooting plant equipment.
- 4) Provides leadership to Water Treatment Plant operators.
- 5) Responsible for interpreting data and making recommendations to improve pumping plant equipment.
- 6) Responsible for the maintenance and upkeep of plant records.
- 7) Prepares reports and documentation for management on operational capabilities.

Licenses & Certifications:

- 1) Possesses a Valid Hawaii Driver's License
- 2) Possesses a Valid State of Hawaii Class II Water Treatment Plant Operator License.

Please review the job description on our website for more details.

Benefits include:

- Medical & Dental
- Paid Time Off
- 401(k) Match
- Employee Stock Ownership Plan

How to Apply:
