Topic Description

Fundamentals of a Cross Connection Control Program: This course is designed to familiarize the individuals in attendance with cross-connections, types of backflow, how to survey for them, what are they and how to prevent them. It is also intended to familiarize the attendees with the approved assemblies and proper application of each.

Tuition Costs Per Class Per Year

This CEU Training Program for Water System Operators was designed to be self-sustaining after the initial 3 year period, which ended October 8, 2015. This means that tuition fees increased in Year 4.

Tuition training credits offered with annual HRWA system membership.
